DIRECTOR NOTES:
TOM CHINNERY

It has been three years since we performed The Vicar of Dibley here at Northenden Players, and here we are with round two (and round being the operative word)!

This next incarnation (which has the full title of The Vicar of Dibley Christmas The Second Coming) is focussed around two hugely popular episodes of the classic TV show: "Dibley Live" and "Winter".

A great many of these scenes will be familiar to so many of you in our audience, and we hope that you enjoy our setting of what personally for me is one of the best sitcoms ever written.

All that remains to say is sit back, relax and come along with us to the dearest village of Dibley.
